Agreement Name: Alignment & Brakes for Auto Body

Agreement Last Reviewed: 2017

Next Review Date: 2019

College	Course Name	Course Prefix	Course Number	Course Credits
Saint Paul College	Alignment & Brakes for Auto Body	ABDY	1560	2

The course covers alignment and brakes, how that applies to auto body collision damage and how repairs are made.

Curriculum Content Objectives:

To receive credit, students will master 100% of the following content objectives:

1. Students will be able to demonstrate class participation.
2. Students will be able to perform vehicle lift procedures.
3. Students will be able to explain and measure alignment angles.
4. Students will be able to identify different types of suspension and drive systems.
5. Students will be able to remove and replace different suspension systems.
6. Students will be able to explain alignment problems as they are related to the collision.
7. Students will be able to identify different brake systems.
8. Students will be able to remove and replace brake components.
9. Students will be able to fill and bleed brake systems.

Assessments:

Students must achieve no less than 80% or B for a final grade in the high school course to receive ACC.

ACC Concept:

Skills for selected courses, required for graduation in programs at the colleges participating in this regional agreement are taught in our schools using the assessments developed collaboratively by secondary and post-secondary staff. High School credit is earned and college credits are earned if the student meets the college achievement.
