

Alexandria Technical and Community College
Articulation College Credit Agreement with
Wright Technical Center

Alexandria Technical & Community College (ATCC) and Wright Technical Center (WTC) enter into the following Articulated College Credit (ACC) agreement:

Students in grades ten through twelve who successfully complete the high school equivalent course with a grade of B or better qualify for the ACC transfer credit. The grade in the high school course will be transferred to ATCC when the student enrolls at the college **and if the course is applicable to their major**. The transfer of credit is valid for five years. (Upon completion of the high school course(s), the students with a grade of B or better will need to present certificate to the college registrar at the time of enrollment.)

In addition, ATCC and Wright Technical Center agree that no changes will be made in the course content without notification of the program faculty (ATCC faculty and Wright Technical Center), and the administration of both schools.

This agreement will be reviewed every two years, unless the college or school district requests an earlier review as a result of curriculum or faculty change.
