College	Course Name	Course Prefix	Course Number	Course Credits
Saint Paul College	Introduction to Carpentry & Handtools	CARP	1430	3

Learn to make drawings and sketches used in construction and learn to use basic carpentry handtools.

Curriculum Content Objectives:

To receive credit, students will master 100% of the following content objectives:

1. Identify handtools used in carpentry.
2. Practice safe working conditions in the carpentry shop.
3. Operate basic carpentry handtools.
4. Describe the proper use of handtools.
5. Identify construction lines on a drawing.
6. Use a bench grinder safely.
7. Operate a handsaw.
8. Collaboratively work together in the carpentry shop.
9. Describe cutting techniques with chisels.
10. Mark their handtools with an electric etcher.
11. Construct various joints in carpentry.

Assessments:

Students must achieve no less than 80% or B for a final grade in the high school course to receive ACC.

ACC Concept:

Skills for selected courses, required for graduation in programs at the colleges participating in this regional agreement are taught in our schools using the assessments developed collaboratively by secondary and post-secondary staff. High School credit is earned and college credits are earned if the student meets the college achievement.
