Articulated College Credit (ACC) Agreement

Through Articulated College Credit (ACC), specific college curriculum learning outcomes and assessments are embedded in participating high school career and technical education (CTE) programs as specified in this agreement. Relevant knowledge, skills, and standards are taught by qualified CTE high school instructor(s) in one or more high school course. ACC is awarded if the student meets the college equivalency standards and later enrolls in the college(s) listed below requiring the course in a specific program.

Agreement Name: **Marine, Motorsport, & Outdoor Power Equipment
Technology – Introduction to Electrical Systems**

Agreement Reviewed/Revised: **2023 - 2024**

These credits are valid for students in grades 9-12 for 5 years from the completion of this course.

College	College Course	College Programs	Articulated College Credit
Hennepin Technical College	MMST 1115 – Introduction to Electrical Systems	*Marine, Motorsport & Outdoor Power Equipment (Diploma – 64 cr.) *General Maintenance Technician (Occ. Cert. - 30 cr.); *Motorcycle Technician (Occ. Cert. – 30 cr.); *Outboard Technician (Occ. Cert. – 30 cr.) *Power Equipment (Occ. Cert. – 30 cr.)	2 credits of 3 total credits

Course Description

The student will cover basic electrical theories and their application in various situations, battery maintenance and theory will also be a part of this course. This course will cover handling, storage, and disposal.

Curriculum Learning Outcomes

80% of the curriculum learning outcomes will be covered in the high school course(s) by qualified CTE high school instructor(s).

To receive the two (2) of three (3) college credits, students will master the following learning outcomes:

1. Differentiate between parallel and series circuits
2. Explain electro magnetism theory
3. Explain Ohm's law
4. Identify electrical components
5. Explain basic electrical theory
6. Diagnose electrical failures
7. Operate Volt/Ohm meter
8. Utilize electrical schematics
